I, _____, give permission to Kim & Ron's Early Learning Child Care to conduct written observations of my child/children.

Information obtained from the observations will be used for the Developmental Checklist. We will discuss these Checklists together during our Parent/Teacher Conferences. These Conferences will be held twice a year.

In addition, the information gathered will be used to create an Individual Plan for each child and then incorporated into daily curriculum planning.

Observations, Developmental Checklists, Individual Plans and Photos will all be put together into a portfolio for us to view the growth and accomplishments of each child.
